Dear CUPE Local Presidents,

**Re: MPP Redesign Web Info Sessions**

---

CUPE BC will be hosting a series of information webinars for CUPE members on the Plan Partners BC Municipal Pension Plan Redesign changes. If you have members in the MPP, please share this invitation and revised registration links below.

Each webinar will be one hour in length with presentations by CUPE National staff, and will provide members with an overview of key changes followed by a Q&A period. These webinars do not replace the current consultation process being conducted by the Plan Partners, but are to provide CUPE members with further opportunities to learn about the changes. For full details of the Plan Partners MPP Redesign, please direct members to visit [mppredesign.ca](http://mppredesign.ca) to ask questions or provide feedback on the changes using the “Ask a Question” feature. **Once again, these sessions are intended to provide general information only. Members seeking specific advice on their retirement planning should consult directly with a personal financial advisor.**

Please use the links below to register for the session applicable to your sector. After registering, you will receive a confirmation email containing information about joining the webinar.
